

Portable 230ml H2 Stainless Steel Metal Household Hydrogen Generator Bottle Cup 3000~6000PPB Dupont Membrane Beauty and Health

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Weizi
- Certification: CE、FDA、RoHS
- Model Number: WZ-W6(B)
- Minimum Order Quantity: 1
- Price: 40USD, The price can be negotiated
- Packaging Details: Single package size: 29X17X9 cm, Single gross weight: 0.900 KG
- Delivery Time: 7 work days
- Payment Terms: T/T
- Supply Ability: 100 pieces per month

Product Specification

- Operating Language: English
- Housing Material: Alloy
- Warranty: 1 Year
- Power Source: Usb, Electric, Battery
- Power (W): 3.7W
- Hydrogen Concentration (ppb): 3000-6000
- Dimensions (L X W X H (inches): 305x600x600
- Capacity: 230ML
- Packaging Types: Gift Box
- Charging Method: TYPE-C
- Screen: LDC Display

Product Description

This hydrogen-rich water bottle offers a new experience of dual-speed hydrogen production at the touch of a button!

One-button dual-speed, precise hydrogen production

5-minute quick mode: hydrogen content up to 3000ppb

10-minute deep mode: hydrogen concentration up to 6000ppb

The 5-minute quick mode can achieve a hydrogen content of up to 3000ppb, which is efficient and convenient, meeting daily hydration needs.

The 10-minute deep mode sees the hydrogen concentration soar to 6000ppb, providing deep nourishment and boosting your health.

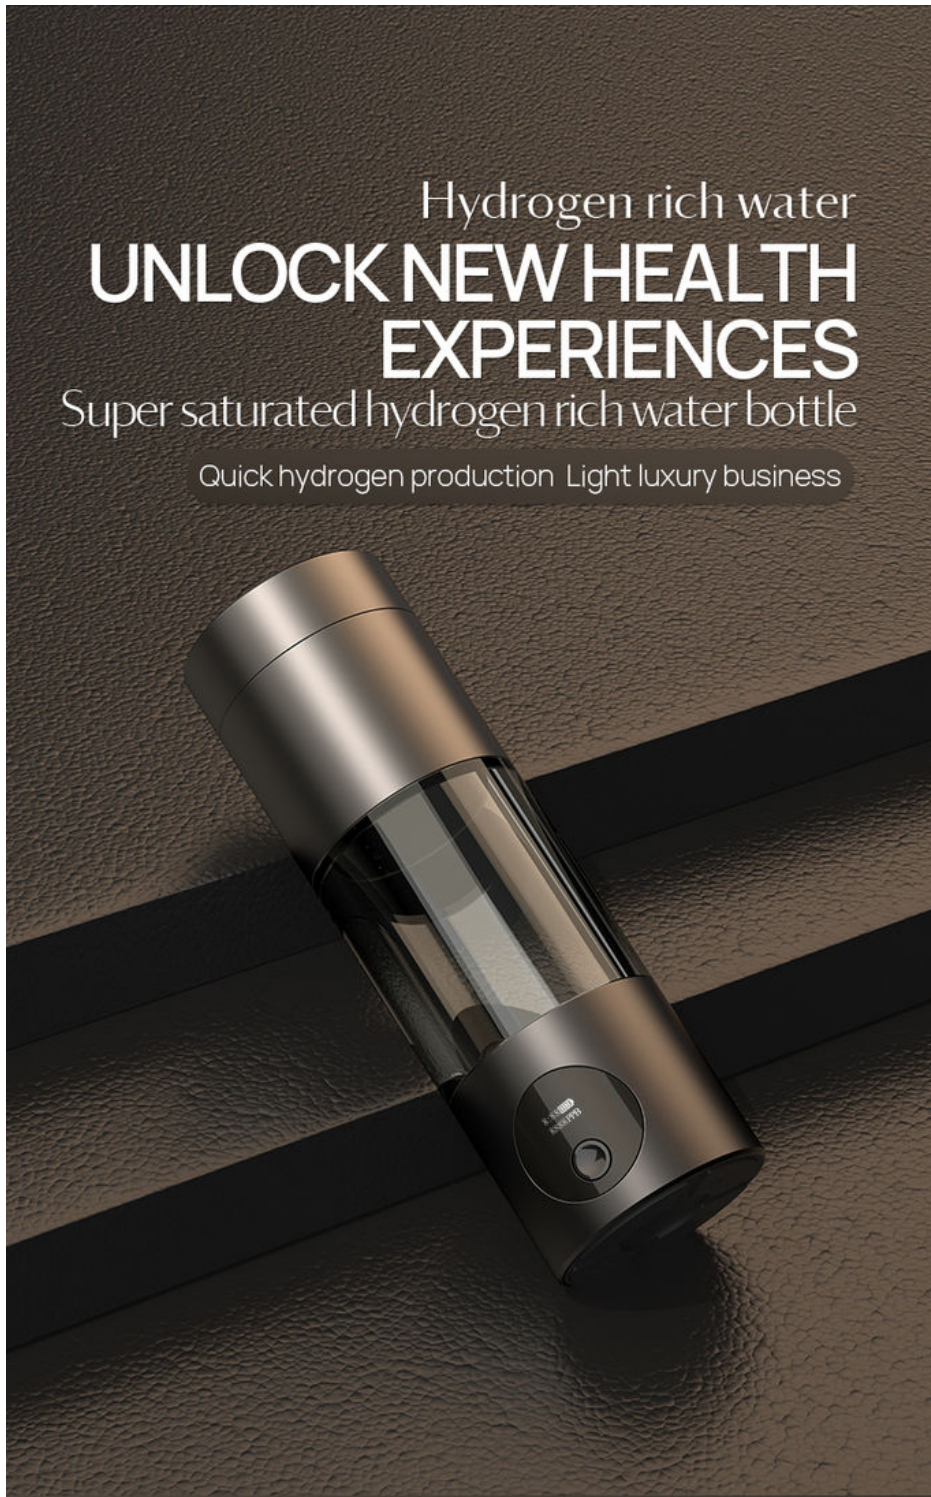

The water bottle features a simple yet stylish design, offers a comfortable grip, and is easy to operate.

Hydrogen rich water

UNLOCK NEW HEALTH EXPERIENCES

Super saturated hydrogen rich water bottle

Quick hydrogen production Light luxury business

This hydrogen-rich water cup is designed with a one-touch start mode, ensuring simple and convenient operation that effortlessly ushers in a new healthy drinking experience.

It is ideal for busy office workers to swiftly replenish "hydrogen" energy during work breaks. The cup is odorless and free from harmful substances, guaranteeing safety and peace of mind.

With its user-friendly design and exquisite appearance, it is a perfect choice for both personal use and gifting.

Segmented design No dead corner cleaning

Segmented design, easy to disassemble and clean
Backwash device,
Effective to remove dirt and not easy to breed bacteria

*The pictures are for demonstration only,
the actual product shall prevail

It is extremely easy to disassemble and clean, ensuring there are no hard-to-reach areas for dirt and that it won't become a breeding ground for bacteria. The transparent body allows you to clearly observe the hydrogen production process, while the minimalist black accents add a touch of modern elegance.

Visualization + proton membrane design High hydrogen production concentration and better stability

Use titanium metal design protection to protect the proton
membrane hydrogen production module
More stable, better hydrogen production effect

*The pictures are for demonstration only,
the actual product shall prevail

It adopts visualization design and proton membrane technology, brimming with a strong sense of sci-tech! Through the transparent body, the hydrogen production process is clear at a glance, and hydrogen bubbles are distinctly visible.

The proton membrane design ensures high-concentration hydrogen generation while enhancing stability, making the hydrogen production effect even better. The titanium metal material protects the hydrogen production module, ensuring durability and safety.

"Water of life"

"Water of Life Hydrogen Water"

What is hydrogen water:

Hydrogen water is the Japanese word for water containing hydrogen, which means hydrogen-rich water, and can effectively remove harmful free radicals in the human body.

Hazards of malignant free radicals:

Free radicals are also known as active oxygen. Controlled free radicals are beneficial to the human body, but when the free radicals in the human body exceed a certain amount, they will cause aging, disease and other hazards to the human body.

Explore the "Water of Life" - Hydrogen-rich Water! It is renowned for being rich in hydrogen and its potent ability to effectively eliminate harmful free radicals in the human body.

Free radicals, also known as reactive oxygen species, can trigger aging and diseases when present in excessive amounts. Our hydrogen-rich water cup can efficiently produce water abundant in hydrogen, aiding in neutralizing these detrimental substances.

Parameters

Product name:
Hydrogen-rich water cup

Hydrogen content:
3000/6000ppb

Water temperature:
0~60°C

Battery capacity:
1600mAh

Electrolysis time:
5 minutes/10 minutes

Electrolysis times:
> 21 times

Capacity:
230ml

Battery voltage:
3.7V

*Dimensions are measured manually, and deviations may occur due to different measurement methods
