

Best Custom Hydrogen Water Bottle High Efficiency 5000ppb 4.5 Ppm Electric for Cars

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Weizi
- Certification: CE, FDA, RoHS
- Model Number: WZ-W6(B)
- Minimum Order Quantity: 1
- Price: 40USD, The price can be negotiated
- Packaging Details: Single package size: 29X17X9 cm, Single gross weight: 0.900 KG
- Delivery Time: 7 work days
- Payment Terms: T/T
- Supply Ability: 100 pieces per month

Product Specification

- Operating Language: English
- Housing Material: Alloy
- Warranty: 1 Year
- Power Source: Usb, Electric, Battery
- Power (W): 3.7W
- Hydrogen Concentration (ppb): 3000-6000
- Dimensions (L X W X H (inches)): 305x600x600
- Capacity: 230ML
- Packaging Types: Gift Box
- Charging Method: TYPE-C
- Screen: LDC Display

Product Description

This hydrogen-rich water bottle offers a new experience of dual-speed hydrogen production at the touch of a button!

One-button dual-speed, precise hydrogen production

5-minute quick mode: hydrogen content up to 3000ppb

10-minute deep mode: hydrogen concentration up to 6000ppb

The 5-minute rapid mode can generate hydrogen with a concentration reaching up to 3000ppb. It's both efficient and handy, perfectly catering to your daily hydration requirements.
In the 10-minute deep mode, the hydrogen concentration rockets to 6000ppb, delivering profound nourishment and enhancing your health.
The water bottle boasts a simple yet fashionable design, provides a comfortable grip, and is effortless to operate.

Hydrogen rich water

UNLOCK NEW HEALTH EXPERIENCES

Super saturated hydrogen rich water bottle

Quick hydrogen production Light luxury business

This hydrogen-rich water cup is equipped with a one-touch activation system, allowing for easy and effortless operation that smoothly kicks off a refreshing and health-oriented drinking experience.

For busy office workers, it's a fantastic choice to swiftly restore their "hydrogen-powered" vitality during work breaks. The cup is free from any unpleasant odors and harmful substances, guaranteeing safety and offering complete reassurance.

With its user-friendly design and elegant appearance, it makes an excellent option for both personal use and gifting.

Segmented design No dead corner cleaning

Segmented design, easy to disassemble and clean
Backwash device,
Effective to remove dirt and not easy to breed bacteria

*The pictures are for demonstration only,
the actual product shall prevail

It features easy disassembly and cleaning, ensuring there are no nooks or crannies where dirt can hide and accumulate, thus stopping it from becoming a breeding ground for bacteria.

The transparent casing provides an unobstructed view of the hydrogen production process, while the sleek black accents add a touch of modern elegance.

Visualization + proton membrane design High hydrogen production concentration and better stability

Use titanium metal design protection to protect the proton
membrane hydrogen production module
More stable, better hydrogen production effect

*The pictures are for demonstration only,
the actual product shall prevail

It integrates visualization design with cutting-edge proton membrane technology, radiating a strong sense of scientific and technological sophistication! Through its transparent casing, the hydrogen generation process can be seen at a glance, with hydrogen bubbles clearly visible as they form.

The proton membrane architecture ensures the production of highly concentrated hydrogen while enhancing stability, thereby further refining the hydrogen generation efficiency. The titanium metal construction protects the hydrogen production module, guaranteeing both long-lasting durability and reliable safety.

"Water of life"

"Water of Life Hydrogen Water"

What is hydrogen water:

Hydrogen water is the Japanese word for water containing hydrogen, which means hydrogen-rich water, and can effectively remove harmful free radicals in the human body.

Hazards of malignant free radicals:

Free radicals are also known as active oxygen. Controlled free radicals are beneficial to the human body, but when the free radicals in the human body exceed a certain amount, they will cause aging, disease and other hazards to the human body.

Explore the "Water of Life" - Hydrogen-rich Water! It is renowned for being rich in hydrogen and its potent ability to effectively eliminate harmful free radicals in the human body.

Free radicals, also known as reactive oxygen species, can trigger aging and diseases when present in excessive amounts. Our hydrogen-rich water cup can efficiently produce water abundant in hydrogen, aiding in neutralizing these detrimental substances.

Parameters

Product name:
Hydrogen-rich water cup

Hydrogen content:
3000/6000ppb

Water temperature:
0~60°C

Battery capacity:
1600mAh

Electrolysis time:
5 minutes/10 minutes

Electrolysis times:
> 21 times

Capacity:
230ml

Battery voltage:
3.7V

*Dimensions are measured manually, and deviations may occur due to different measurement methods
