

## WEIZI Intelligent Hydrogen Rich RO Water Purifier for Home and Office

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Brand Name: WEIZI
- Certification: CE、FDA
- Model Number: WZ-YZ-W70
- Minimum Order Quantity: 1
- Price: 350USD/pieces (negotiable)
- Packaging Details: Single package size:52\*32\*58cm, Single gross weight:15 kg
- Delivery Time: 15 work days
- Payment Terms: T/T
- Supply Ability: 200 pieces permonths

Drinking Hydrogen Water  
Hydrogen content: 4000ppb

#### Product Specification

- Product Name: Hydrogen Water Dispenser
- Hydrogen Concentration: Over 3000 Ppb
- Hydrogen Purity: 99.99%
- Water Output: Max 500mL/min
- Water Temperature: Normal/warm/hot Water
- Drinking Water Quality: Water Purifier Filtered Water

## Product Description

### Hydrogen Water Dispenser

The size of this machine is 198\*412\*368 mm and the weight is 15kg. it is compact and easy to carry.

Meanwhile, it adopts the newly upgraded silent technology, sound damping and vibration reduction system to give you a quiet using environment.

The machine has TDS value detection, water full detection, water shortage detection, overheating detection, imbalance detection, a total of five detection alarm function, to help you standardise the use of the machine, reduce machine wear and tear, extend the life of the machine.

In conclusion, if you are looking for a safe and effective way to experience the many benefits of drinking hydrogen-rich water, I believe that this hydrogen water dispenser can meet all your requirements.

**Drinking hydrogen water  
Keep healthy to be at ease**

**8 cups of assured clean water a day  
to supplement the daily needs of the body**

### Features

Product Name: Hydrogen Water Dispenser WEIZI

Electrolytic cell material: Proton membrane N117 + high-purity platinum coating

Water output: Max 500mL/min

Compatibility: Adaptable plugs tailored to various countries

Water Discharge Method: Ready for use

Water temperature: ice water, room temperature water, warm water and hot water

Body material: ABS+Extrusion Molding

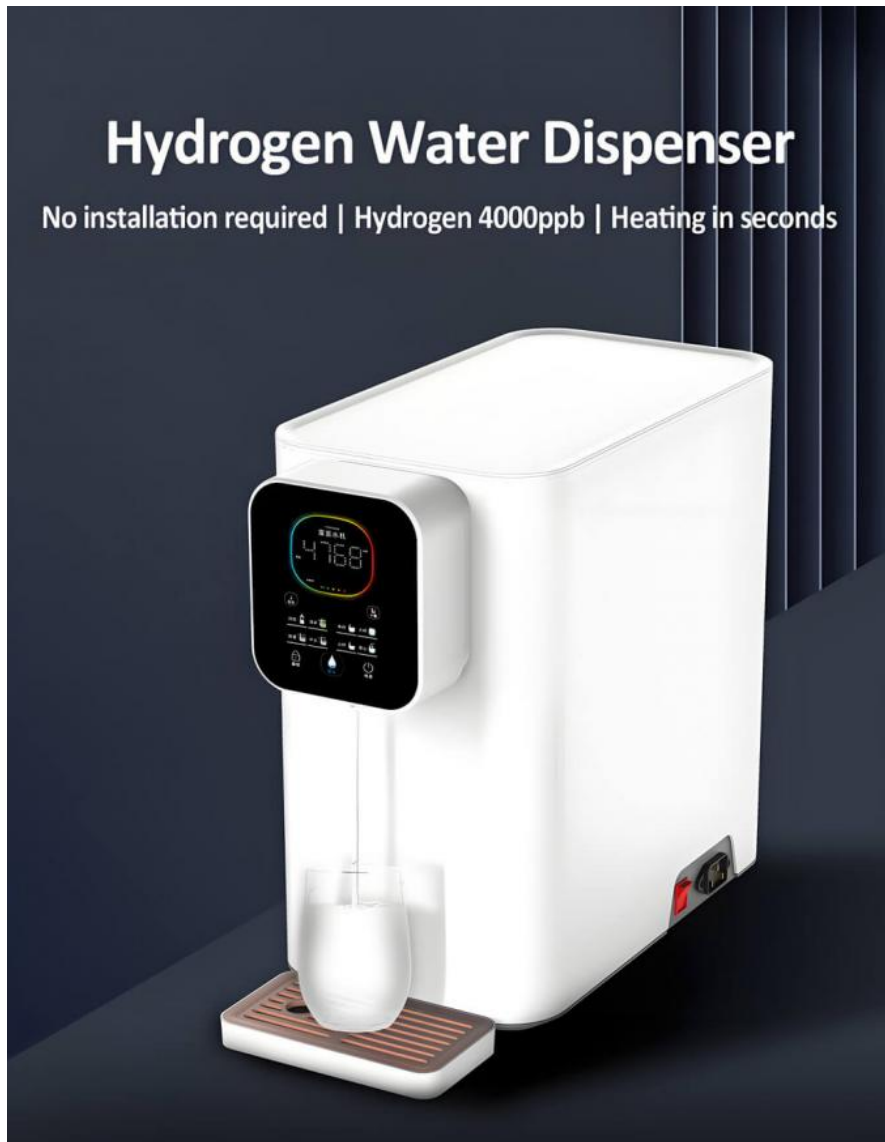

### What is Hydrogen Water

While molecular hydrogen water may sound quite unique, it's actually quite straightforward to comprehend.

Imagine carbonated beverages that contain CO<sub>2</sub> gas, giving them that refreshing fizz. Similarly, hydrogen water contains H<sub>2</sub>

gas, or hydrogen.

The primary distinction lies in the health advantages it offers to our bodies.

### Health Benefits of H2 Water!

**Powerful Antioxidant:** Hydrogen molecules act as potent antioxidants that neutralize harmful free radicals, reducing oxidative stress and inflammation.

**Improved Energy Levels:** Helps boost your energy by supporting mitochondrial function, leading to better overall vitality.

**Better Recovery:** Aids in quicker recovery from exercise and physical exertion by reducing muscle fatigue and soreness.

# free installation design Put it where you want

Not affected by Water source and placement restrictions apply to offices, kitchens, living rooms, bedrooms and other places.

## Transform Your Water?

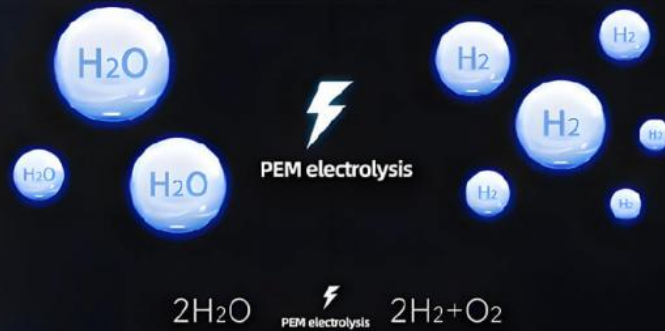

Hydrogen water refers to ordinary water that has been infused with extra active hydrogen molecules, which function as powerful antioxidants.

These antioxidants can aid in neutralizing detrimental free radicals within your body, potentially playing a role in improving your overall well-being.

# USING PEM HYDROGEN PRODUCTION TECHNOLOGY

The water that meets the requirements (pure water or distilled water) is input into a hydrogen molecular generator through a dedicated device.

Under the action of an electric current, the water will decompose into H<sub>2</sub> and O<sub>2</sub>, and H<sub>2</sub> and O<sub>2</sub> will be separated.

## Applications:

The WEIZI Hydrogen Water Dispenser is made of durable, lightweight ABS+ compression-resistant profiles for easy transport and storage. It has multiple combination modes to meet different needs, ensuring that users can generate hydrogen-rich water according to their specific requirements.

Sleek, quiet and high-performing, our WEIZI Hydrogen Water Dispenser delivers up to 500 ml/min of hydrogen-rich water with hydrogen solubility >3000 ppb on demand. It requires no materials other than distilled pure water.

It automatically replenishes itself with water, just plug it in and it's all set to go. Using it is incredibly easy, free from any complications, straightforward, and extremely safe. There's no requirement to employ intricate electrolyte solutions; all you need to do is pour in pure distilled water. Set your desired temperature and water flow rate, and you'll have hydrogen-rich water ready for use in no time.

Backed by a 36-month warranty on the key components of the WEIZI Hydrogen Water Dispenser, it offers users reassurance and a dependable hydrogen-rich water treatment experience. Don't pass up the advantages of hydrogen-rich water treatment —place your order now!

Drinking Hydrogen Water

Hydrogen content: 4000ppb

Technical Parameters:

Product name	Hydrogen Water Dispenser
Hydrogen purity	99.99%
Voltage	220V 50Hz
Drinking water quality	water purifier filtered water
